

Passage

PRIVATE VILLA

The contemporary 2 bedroom Villa Passage's sleek design and minimalist decor provide an intriguing contrast to its location— in the heights of quaint Corossol, a centuries-old fishing village. Think part vintage postcard, part "heart-worthy" Instagrams. The view of Gustavia Harbor, available from every vantage point, is stunning and on a given day can include fishermen at work, graceful sailboats out for a day of pleasure, and some of the world's most luxurious yachts as they traverse the passage to the port. The fiery sunsets are a bonus. A breezy open floor plan encompasses a well-equipped kitchen, an adjacent dining area, and a living room comfortably furnished for conversation and TV viewing. Additionally, there is a guest bath. The entire indoor living space opens to the deck with its heated infinity pool, banked by chaise lounges. Sails are positioned to provide cover over a dining table and additional seating for shade seekers. The master bedroom is a true oasis where guests can hop out of bed, open a glass slider, and slip into the pool. The pool is also accessible from the en suite bath. The second bedroom, with an en suite bath and a sea view, is on the lower level. Corossol Beach is a short walk down a steep hill, and many of the island's other gorgeous beaches, shops and restaurants are just minutes away.
