

Embruns

PRIVATE VILLA

Waterfront on the beautiful Baie de Flamands, the 2 bedroom fully air-conditioned Les Embruns is a beach lover's dream! Elegant and contemporary in design and décor, it features a generously sized salon encompassing open living and dining areas, and a sleekly modern kitchen that includes a breakfast bar. A bevy of glass sliders all around leverage the gorgeous views of the water and neighboring islands and provide access to the pool deck. The deck and its pool (with a counter-current option and heated year round) as well as heated Jacuzzi are bathed in sun, and comfortable chaise lounges are perfect for relaxing; covered outdoor living adds to the ambience, while a wicker dinette set provides the option of dining alfresco. The master bedroom (king) boasts a four-poster bed, and as throughout the villa, the chicly simple dark wood furnishings contrast dramatically with the white background of the walls and tile flooring. The en suite bath, with its additional door, can function conveniently as a guest bath. The 2nd bedroom (king/twin) also has a bath en suite with a double vanity and lovely white china vessel sinks. Best of all? It is just a 3 minute walk to Flamands Beach.
