## PRIVATE VILLA

Spacious and luxurious, Villa Joy has six en suite bedrooms, one being suitable for staff and enough wow features including a stunning view of Marigot Bay to keep a houseful of vacationers happy. A deck that runs the length of the house features an extra-long and heated infinity pool. It's the focal point of the outdoor living space that includes a portico sheltering a conversation area and a dining table with seating for fourteen. A BBQ and food prep area are tucked away in the corner, at-the-ready. Guests looking to while away their time in air-conditioned comfort can choose either working out in the well-equipped gym or catching a flick. Joy boasts a theater-style home cinema with nine cushy lounge chairs tiered for viewing the super-sized screen. Perhaps a classic movie would appeal. Joy's contemporary architecture and décor are complemented with an homage to mid-century movie stars. Stylized drawings and framed black and white photos of Marilyn, Frank, et al appear playfully throughout.

The nine-seat theater, gym (complete with sauna) a guest bath and two en suite bedrooms are lobby-level, and guests can choose to take the elevator or a sweeping staircase to the main level. An open, expansive air-conditioned living area includes a comfortable conversation space and a designer kitchen featuring a black lava stone island with seating.

The kitchen is equipped with items that would top any gourmet's – or bartender's wish list and there is a cold storage room. ....more at [stbarth.com/villas/detail/JOY](http://stbarth.com/villas/detail/JOY)
