

Ocean's 5

PRIVATE VILLA

Not far from beautiful Flamands Beach, Villa Ocean's 5 boasts spacious and airy indoor and outdoor living spaces - and a gorgeous pool that is heated in the winter. This casually elegant 4 bedroom home is a great choice for a gathering of family or friends. The terrace provides a pool-side alfresco dining option for 8-10 as well as an outdoor living area for relaxing; the dramatic seascape includes the neighboring island of Bonhomme. Peaceful - and private, the contemporary designer décor is chic and comfy with sofas made for relaxing and watching the giant-sized plasma TV. A well-equipped kitchen, located just off the open living area, has a bar for breakfast and snacking and an adjacent pantry. The villa's romantic master bedroom (king) suite is generously sized and features a polished wood floor. Each of the other 3 attractive bedrooms differ in style and bed configurations (king, king/twin and queen). They all have beautifully appointed en suite baths. Bedrooms one and two can connect to each other, making them ideal for a family with younger children. Villa Ocean's 5 is a wonderful vacation retreat.
